

NOTIFICATION TO CANPX SUBSCRIBERS

Toronto, Canada June 16, 2016 - As announced in [CSA Staff Notice 21-316](#), effective July 1, 2016 CanPX will no longer be the designated transparency provider for Canadian corporate debt markets.

Without its regulatory mandate, CanPX can no longer ensure the completeness of the trade information it receives and disseminates. It is CanPX's intention, therefore, to cease operating its corporate bond and government bond transparency systems.

In order to help with an orderly transition to the new designated transparency provider, CanPX will continue to operate until **October 1, 2016**. To ensure that subscribers have uninterrupted access to CanPX data until October 1, CanPX's key data contributors will voluntarily continue providing their trade data to CanPX until this date.

CanPX is proud of its historical role in advancing transparency in the Canadian corporate debt markets since 2003. We thank our data subscribers for the confidence they have shown in CanPX to meet their transparency needs.

About CanPX

CanPX is a joint initiative between several of Canada's leading investment dealers and inter-dealer brokers to provide transparency to the over-the-counter debt markets. CanPX collects and consolidates trade and price data for over four hundred corporate debt securities as contributed by twelve of Canada's leading investment dealers. Separately, through its inter-dealer broker participants, CanPX also makes available price and trade information for a comprehensive list of government securities. For additional information please visit www.canpxonline.ca.
